Hi team Seva in action, LTIMindtree and Sujaya foundation, our students enjoyed the quizzing programme very much. We are lucky enough to be part of this event. It would surely give and exposure to enhance knowledge of our students, because we have spotted change within two weeks that children are busy at work and they are started thinking and learning broadly.

Thanks a lot giving our students this this wonderful experience. And thanks for organising the event in such a grand manner. We are excited to come to national final at Bangalore.

One very good initiative taken by Seva in Action. They are doing real Seva tapping the talent of differently abled. This initiative helps in widening their knowledge by watching videos of quiz shows and reading books & papers. Doing this by themselves is really amazing. Hats off to you!
